01 work history

FEB '20 - DEC '20

iOS Developer Intern
Apple Developer Academy @UC, Surabaya, Indonesia

- Worked in Agile-driven environment to effectively maintain project timelines and utilize available resources, experienced using Scrum framework to work in a team of hustlers, hipsters and hackers.
- Gained insights and experiences as developers through Challenge Based Learning, improved soft skills required in collaborative projects such as problem-solving mindset, leadership and public speaking abilities throughout the challenges.
- Improved coding ability through better understanding and application of Swift, SwiftUI, MVC and MVVM pattern, CoreData, design principalities such as UI and UX and their correlations with Apple's Human Interface Guideline.
- Developed an iOS app that unifies product listings of multiple online marketplaces, to help multichannel online seller to easier manage their products.
- Created a solution for elderly care problem, by developing an iOS app that helps family caregivers to coordinate better.
- Developed an iOS app to help surveyors find the correct respondents with gamification concepts.

JAN '19 - NOW

Co-Founder & Technical
Petualangan Menuju Sesuatu (Mental Health Awareness comic)

- Experienced working as content creator, understanding content insights and better tuning the contents to answer the public needs and get Instagram algorithm's favor for better quality.
- Handled, designed, implemented and monitored Petualangan's website.
- Managed the technicalities of content creation's workflow and handled technical troubleshooting.
- Took lead on several collaborative projects with other creators and companies, honing leadership, communication and project management skills while working under pressure.

02 education
